

POLITICS APPEAR IN NORMAL ELECTION

Paul Burnam Elected Treasurer By Board of Regents To Succeed R. E. Turley

Paul Burnam, former cashier of the Southern National Bank, was elected treasurer of the Eastern Kentucky State Normal School by the Board of Regents at their meeting Saturday. The name of R. E. Turley, cashier of the State Bank & Trust Company, who has served as treasurer most efficiently and faithfully for many years, was not presented to the Board for re-election. Friends of Mr. Turley on the Board realized that the decree had gone forth that a republican must be elected treasurer of the Eastern Normal School, in place of a democrat. So far as can be learned, this is the first time that partisan politics has entered into the management or appointment of any officers connected with the Normal institution here.

An interesting election developed between friends of Mr. R. R. Burnam, cashier of the Madison National Bank, and Mr. Paul Burnam. The former was placed in nomination by Regent Liram Brock and the latter by Regent J. A. Sullivan. Considerable zest is said to have developed in the discussion before the balloting was taken. Regents Brock and Fields, the two republican members of the board, voted for Mr. R. R. Burnam, while Judge Cammack and Judge Sullivan, the two democratic members of the board, voted for Mr. Paul Burnam. This made the election a tie, with State Superintendent of Public Instruction George Colvin, as ex officio chairman of the Board of Regents to vote and settle the question. Mr. Colvin then voted for Mr. Paul Burnam and he was declared elected treasurer.

A number of prominent republican political leaders here are reported to have expressed their views of Mr. Colvin's vote in strong language; claiming, it is said, that he was pledged to Mr. Robert R. Burnam, but violated his pledge, so they say, and voted against him when the show-down came.

The position of treasurer of Eastern Normal pays \$800 a year, and has been filled by Mr. Turley ever since the Normal School was established here. Mr. Paul Burnam, who succeeds him, is one of the most prominent and popular young business men of Richmond.

COLORED SCHOOLS OPENED MONDAY

There was much activity Saturday as well as this morning among the colored school teachers of the county, incident to the opening of schools Monday morning. The instructors have all reported and the 23 schools had a good start, with a goodly number of students and a number of improvements at various school buildings. The teachers of the county are taking great pride in their work, which has attracted the attention of the school board during the past two years, during which time there has been a decided improvement. The record for these schools now ranks among the best in the state and the percentage of the students reflects rare credit upon the teachers. The latter have made excellent records in examinations in most cases and are well qualified to handle the work of teaching. There has never been a scarcity of colored teachers, which speaks well for this department of educational work in this part of the state.

Grant Wool Pool Sold

Williamstown, Ky., July 12.—Grant county's pooled wool, amounting to 19,000 fleeces, or about 100,000 pounds, was sold to the Rosebaum Company, of Louisville. The price will average a little above 40 cents a pound.

Played Man 30 Years

London, July 12.—Dora Hansen, a German woman, who for thirty years successfully masqueraded as a man, has just died here. Her sex was discovered when she had a paralytic stroke two years ago. Under the name of Ferdinand Hansen, she worked for many years in Leeds as a canvasser for a photographer.

COX WANTS A REAL FARMER IN CABINET

Another Popular Movement Upon Part of the Buckeye Governor is Apparent

Dayton, O., July 12.—Governor James M. Cox, Democratic presidential nominee, today made his first official pronouncement relative to the course he would pursue in his administration if he were sent to the White House by the mandate of the voters.

He stated without reservation that he would select for the secretaryship of Agriculture a "real dirt farmer." His first consideration would be actual experience on the farm, in the cultivation of crops and handling of live stock.

Gov. Cox, who was born on a farm, is proud of his mastery of field and forest. In escorting visiting correspondents over the old Cox homestead last week he demonstrated agility in shocking wheat. Later he received the head of the Pennsylvania Grange, who had attended the San Francisco convention in the interests of that body, and the Governor and his guest were in accord on the need of a practical farmer, who had succeeded in farm work, to be the next Secretary of Agriculture in case the Democratic standard bearer were elected.

To Be Welcomed By Wilson

Washington, July 12.—Washington officials expect that Gov. Jas. M. Cox's visit to the White House will take place this or next week. Officials at the Executive offices say that no definite engagement has been made by the Ohio governor, but that none is necessary.

There is said to be indications that when the democratic candidate arrives at the White House he will be welcomed warmly.

Observers here believe that the President and Gov. Cox will have no difficulty in agreeing on the League of Nations issue and the way in which it shall be handled during the campaign. The President, it is said, regards the reservations proposed by Gov. Cox to be interpretative, rather than restrictive.

It is thought that not only the treaty, but questions of taxation and prohibition will be discussed, and that a treatment of these issues will be outlined that later will appear in the Governor's speech of acceptance.

LATE REPORTS ON POLISH SITUATION

(By Associated Press) Moscow, July 12.—Lithuania and the Soviet government of Russia have reached an agreement relative to the establishment of peace according to Adolph Joffe, a representative of the Soviet government, who said the agreement settled the boundaries and integrity and that the Russians recognized the Lithuanians' rights to Vilna and Kovno Grodno. Asked about rumors of a Polish peace offer, Joffe said it was hardly possible that their terms, at the present state of war, would be acceptable.

WON'T CALL SPECIAL SUFFRAGE SESSION

(By Associated Press) Rutland, Vt., July 12.—Governor Clement today issued a proclamation refusing to call the legislature in special session to act on the federal suffrage amendment. The governor recently had a conference with Chairman Hays, of the Republican National Committee, and indicated then he might call a special session of the legislature to act on the amendment.

LIGHTNING STRIKES SCHOOL HOUSE; 2 DEAD; 12 INJURED

(By Associated Press) Tampa, Fla., July 12.—J. B. Norman and young daughter were killed and 12 persons were knocked unconscious when lightning struck a school house at Enville yesterday as people were assembling for religious services.

EASTERN NORMAL BOARD OF REGENTS

Reorganize and Get Busy With Mass of Important Business On Hand

A full meeting of the board of regents of the Eastern Kentucky State Normal School was held in the parlors of the home of President T. J. Coates, Saturday.

The regents reached Richmond on Friday afternoon. At 8 o'clock Friday evening Superintendent George Colvin addressed the students in the auditorium. Superintendent Colvin is a powerful speaker and his appeal to the teachers of the state to stand by the children of the state at this time was well received. After hearing Mr. Colvin the students left the auditorium happy, happy because they were teachers, and because they have a chance to serve Kentucky. Senator Brock, Judge Cammack and Mr. Weaver responded to their introductions with short speeches. Each was greeted with great cheering on the part of the students.

At 9 o'clock Saturday morning the board went into session, after transacting the regular routine of business for the quarter the following teachers were elected: Miss Jane V. Rice, of this county, to a position in the home economics department; Miss Florence Lewis, of Winchester, to a position in the Model school; Superintendent W. L. Jayne, of Quicksand, Breathitt county, to a position on the Normal school faculty.

The board of regents was reorganized by the election of J. W. Cammack as vice president and secretary to succeed himself, and Paul Burnam, of Richmond, to succeed R. E. Turley as treasurer.

The executive committee was reorganized by the election of the following members: J. A. Sullivan, chairman; Senator Brock, C. F. Weaver, President Coates and Treasurer Paul Burnam.

At 12 o'clock the bids on the dormitories were opened. Architect E. A. Weber was present and rendered the board valuable assistance in interpreting the bids. There were a number of bidders. The amount ranged from \$150,000 up. As some of the bidders were not on the ground the contract was not let, but the executive committee, assisted by Mr. Weber, was authorized to communicate with the lowest bidders and to let the contracts.

The coal contract was not let, as only two bids were received and they were based upon so many contingencies it was thought best to defer the matter until a later date and buy direct from the mines until a contract could be entered into.

The farm was visited by a committee of the regents, who expressed themselves as pleased with the management.

Representatives of the Murphy Door Bed company were present and displayed their product. The new buildings will be equipped with the beds that fold into a closet. The contract was not let for the beds at this time.

47 Gallons of 'Shine Poured Into Ohio River

Louisville, Ky., July 10.—To break a bottle by sitting down without due regard to consequences is carelessness, but, hystanders pointed out, to pour deliberately the contents of 47 gallons of 'shine into the sewer is—

"Well, now, you reckon the fish might benefit?" one wanted to know.

"I don't know about that," another replied, "but if a fisherman caught a whisky-soaked fish and took him home, would he be liable to the law against moving liquor?"

None of the prohibition officers eliminating the 24 gallons of "moonshine" taken from C. M. McAninch and Charles Muenchenhagen Wednesday night would venture an answer. The "moonshine" went the way of the sewer. Federal agents broke the jars and "saw it off" at Clay and St. Catherine streets. Just enough was retained for evidence. The cases of McAninch and Muenchenhagen were dismissed in the police court on request of the arresting officers. New action was taken by Federal Agents Jos. A. Craft, United States Commissioner, held the men under bond of \$400 each.

SALE OF CITY LOTS

City lot sale at Boren Saturday was as follows: George S. Engle, Nancy J. Kraft, Lee Kreig, Thomas Cook, James McDaniel and W. G. Pope to A. P. Smith; the first four for \$150, the McDaniel property for \$800 and the Pope lots (3) for \$1,700.

TODAY'S LIVESTOCK MARKETS

Cincinnati, July 12.—Hogs 25c higher; Chicago slow; lambs steady; Jersey strong; good cattle steady; grassers slow.

Louisville, Ky., July 12.—Cattle 1700; strong; higher; tops \$15; hogs 1500; steady to 25c higher; tops \$16.50; sheep 2500; 25c to 50c lower; lambs \$17.75

WEATHER FOR KENTUCKY

Fair tonight; warmer in central and eastern portions; Tuesday showers.

OVER NIAGARA IN BARREL IS FATAL

(By Associated Press) Niagara Falls, N. Y., July 12.—Rivemen patrolled the Niagara gorge below the falls today in the hope of recovering the body of Charles G. Stephens, of Bristol, England, who lost his life yesterday in an attempt to duplicate the feat of Mrs. Annie Edson Taylor and Bobby Leach by going over the cataract in a barrel. Pieces of the barrel were found below the falls, but Stephens' body failed to appear. He had a wife and 11 children and was a barber.

Leach warned Stephens that his oak staved barrel was not strong enough, but his advice was refused. "A steel barrel is the only safe kind," said Leach, "and if I can make one by July 25, the anniversary of my last trip, I'll duplicate it."

Stephens' hobby was performing spectacular stunts, for which he received numerous medals, his specialties including the kissing of a lion in its den, shaving customers and boxing in a lion's den, parachute descents from balloons, etc.

PREPARING TO MAKE MEXICO BONE DRY

Mexico City, July 12.—Legislation making all Mexico "bone dry" is being congress by Provisional President de congress by Provisional President de la Huerta, says the newspaper L'Universal.

POLES OBJECT TO ARMISTICE TERMS

Spa, Belgium, July 12.—The Polish delegation at the conference here is very much dissatisfied with the terms of the allied, note to the Russian Soviet government, proposing an armistice between the Bolsheviks and Polish armies. They feel, however, they may be obliged to accept it. The armistice was proposed on condition the Poles retire within their natural Polish frontier. If the Bolsheviks attacked the Poles within these boundaries, the Allies were to come to the aid of the Poles.

FORMER HUSBAND A CRIME SUSPECT

(By Associated Press) Louisville, July 12.—Seriously wounded, Mrs. Virginia Thompson, 39, wife of John Thompson, an employee of the Louisville Food Products Co., was found on the floor bleeding profusely from a bullet wound, this morning at her home on the Flat Lick road. The police immediately began a search for Jack Wiseman, 34, the divorced second husband of the victim. Wiseman was seen running from the residence, according to two step-children of the victim and a neighbor.

SISTER'S BLOOD MAY SAVE SISTER

(By Associated Press) Louisville, July 12.—Mrs. Savannah Warren at the city hospital here was to submit to a transfusion operation, giving a pint of her blood in an effort to save the life of her younger sister, Mrs. Cora Shoemaker Proctor, 25, whose life was attempted Sunday by her husband, Selbert Proctor, 34, a barber, who afterward killed himself. Mrs. Proctor has a bullet wound in the lung just above the heart. Hospital physicians have little hopes for her recovery.

LABORERS wanted on streets. Steady employment for the season. 40c an hour. Address Lamp-ton & Burks, Richmond, Ky. 148 6

START CONCRETE LAYING MONDAY

Two Weeks Later Will Record Finish of Lancaster Avenue Paving

Concrete work was started on Lancaster avenue this morning and this stretch extending north to Main street will soon be ready for the asphalt, which will follow after two weeks have been given the concrete to set. The work of applying the concrete will require but about 10 days, although there will be a big volume necessary. The application of the asphalt will represent a short term of work and soon afterwards this thoroughfare will be opened to the public. This will admit of great relief, since it is one of the leading highways in this section of the city.

The laying of the curb on Main street east from Lancaster avenue is well under way, about 600 feet having already been laid. The excavation work is now going on close behind, and the new machinery installed Friday is working wonders. This is the first time for this mechanical device and deliverer of stone and gravel to operate, it being new like the rest of the machinery utilized on the Richmond job.

J. H. Glover, general superintendent of the paving, stated Saturday that the work was progressing in a very favorable manner, and that with good weather considerable progress could be made during the coming week; also was of the opinion that there would be considerable change within a short time, especially after the operations had been finished on Lancaster avenue and concentrated on Main street. It is the intention of the company to start and finish this work as soon as possible. This is the reason for the importation of the big excavating machine, which arrived Friday, and which is especially adapted to the work. It does the work of many men, excavating and loading gravel very rapidly.

LATE NEWS FLASHES

Henry J. Wylie, who has served in the U. S. Marines for 45 years, is to retire.

Charles Herman, 60, and wife were killed near Toledo by a train at a grade crossing.

At Jackson, Mich., Sunday's toll was three dead, struck by a train while auto riding.

Dr. Israel Friedlander, American, and graduate of Cincinnati university, killed by Bolsheviks in Poland.

Indicated that all railway troubles in way of settlements, wages, etc., will be effected this month.

William Proctor, Jackson, Mich., beat his wife to death and then killed himself.

Prince Henry, brother of former emperor of Prussia, was attacked by workmen and forced to run the gauntlet, reported slightly injured.

Bandits robbed Phillip Wohl, Pittsburgh, of \$12,000 worth of diamonds in Cleveland and made their escape.

Through accident since Saturday night, ten were killed in New York.

Chester A. Snow, Washington, charged with conspiracy to bring about the death of his wife, has been vindicated.

"One's a Boy and the Other's a Girl," Says Dad

"One's a boy and the other's a girl," G. C. Stocker is telling his friends, as a result of the stock's visit to his home on the Tate's Creek pike, west of the city, Sunday night. Mr. and Mrs. Stocker are parents of five girls besides, and the happiness of the father knew no bounds when he discovered the advent of his first son.

Western Firm Opens Office In This City

The C. A. Durkam Company, of Marshalltown, Ia., dealers in heating specialties, have opened a branch office at the establishment of the R. F. Hurst Plumbing Co. and will conduct business there. Mr. Hurst stated that he had so much to do that his absence from home was necessary oftentimes, and the new line would work perfectly with his work.

MARRIAGE LICENSES

A marriage license was issued on Saturday to Colonel Menifee, 27, engineer, of Berea, and Dora French, 21, of Berea.

Hail Insurance

Dan Breck will insure your tobacco against hail. Day phone 505; night 534. 166 7

WHEAT CROP IS ONE-THIRD SHORT

Higher Prices Will Prevail, However, and Quality Generally Better Than Average

While there was considerable threshing of wheat during the past few days, the mid-season will be reached this week, according to the threshers, who report that there has been no price set on this year's product, although it is believed that there will be an increase over that of last year of 25 to 35 cents per bushel. At Lexington, the first wheat brought \$2.65 per bushel. Local dealers who are taking care of the product of Madison county are unable as yet to set any price, but this will doubtless be done next week.

There is a general disposition to dispose of the surplus grain, dealers assert, at this season of the year. The crop for Madison county will be short one third. This statement was made by Mr. John Norris, of near Moberly, one of the most experienced men in the grain raising and threshing business. He stated that the shortage was due to the springs storms which brought much ice, and the failure of some to get their crops planted. He, as well as C. C. Norris, Hume Broadus and Hugh Todd, well known threshers are unanimous in saying the crop will be decidedly short. The condition of the ground was such last spring and the fall previous that some of the farmers brought their seed wheat to the mills and sold it. Others kept theirs for later markets. The price this year, it is generally conceded, will be greater than last year, according to the figures stated above.

It is the opinion of threshers, as well as millers, that the farmers will store but little wheat. Most of it will find the mills soon after the threshing. The product is being weighed and crated when it arrives at the mills and the producer is given credit accordingly and will be settled with according to the established price for the various grades of wheat. There is a noted increase in the percentage of good wheat, although the bushel per acre will not represent a very large yield.

NEGRO RUNS AMUCK IN PERRY COAL FIELDS

Hazard Ky., July 12.—His body riddled with twenty-five bullets, John S. Burdill, a miner, was shot to death in a duel with a posse of officers Sunday afternoon when he barricaded himself in a house after slaying two men. Resisting arrest in the night, Burdill killed Deputy Sheriff R. S. Wooten and Robert Gilbraith, a negro, in a negro settlement in Hazard.

He escaped to Blue Diamond on First creek, seven miles from here. Sheriff Combs, learning his hiding place, went there with two deputies.

When Burdill caught sight of the officers he fled to a vacant house and opened fire from a window. A fusillade of bullets was exchanged.

The firing from the house ceased. Carelessly the officers approached. They found Burdill's body pierced by 25 bullets, huddled on the floor.

Burdill, who was a stranger here, came to Hazard from McRoberts, where he was a coal miner. He had been drinking heavily. Deputy Sheriff Wooten stopped him on the street, took away his revolver and ordered him to leave town.

Instead, Burdill went to a negro settlement, where he created a disturbance. The deputy sheriff, deputizing Floyd Lewis, a young man, to help him, went to a negro dive to arrest Burdill.

As they walked in, Burdill struck the deputy on the head with a heavy piece of timber, then took away the revolver and shot him. He also knocked Lewis down and took his revolver. Burdill then fired into a crowd which sought to halt him and killed Gilbraith.

Comparatively low price is causing many Madison county farmers to hold their hogs for later sales, it is said.

THERE are two kinds of coffee—Rookwood and others. Rookwood is the best. A grade for every purse; all fine. Get yours today from D. B. McKinney and Company. 167 1

J. WALKER BALLARD STILL UNIMPROVED

One of Madison County's First To Answer Country's Call, Is Afflicted

John Ballard, of near Berea, will depart the first of the week for Asheville, N. C., where he will join Mrs. Ballard and spend some time with his son, John Walker Ballard, who has been in a hospital there for some time. The condition of the young man, who has been in hospitals here and there since soon after his return from Russia, where he did service in the United States navy, is said to be unimproved, and plans are being made for another change. The government has taken up the case thru the local Red Cross station, and will have the young afflicted sailor removed to a hospital where he will receive special attention.

John Walker Ballard, well known in this city and county, being one of the first to enlist in the service of the country at the outbreak of the war. He was soon sent abroad, where he spent most of the time in the North Sea, and it is said that exposure during the winter season there is responsible for his affliction, which is believed to be of the lungs. He is one of the thousands now being cared for at the hospitals throughout the country by the government, and this is one of the causes for the extension branch for the committee and information work recently organized throughout the country. The members of the local committee are arranging for a meeting at which they will take up the cases of a number of young men whose condition has attracted their attention. This is another of the government organizations for the purpose of assisting the soldier and when the work is once under way, it is believed there will be many given attention. There are many soldiers who have returned from overseas who have not been heard from in months and there are more than forty in the county of Madison who are said to be in need of information and other assistance which they can obtain by making their wants known to the newly organized committee.

WOMAN KILLED BY KICK FROM HORSE

Mrs. Hattie Cummin, Elmore, wife of Menefee Elmore, of Berea, was killed in the east end of Lincoln county, was kicked a horse Friday afternoon and instantly killed. Mr. Elmore being in Colorado on account of his health, she went into the Elmore field to catch the horse, and was kicked in the chest. Mrs. Elmore is survived by her husband, six children, her parents, Mr. and Mrs. W. H. Cummin, and six sisters and one brother. She was about 40 years of age.

Judge Sent 2,000 Miles To Teach Eskimo Fear

Ottawa, July 12.—A white man's judge is to be sent 2,000 miles into Hudson Bay territory to impress on the Eskimo the relentless justice of the white man's law. This was the decision reached by the Department of Justice in the case of Oungwak, an Eskimo, charged with having slaughtered a fellow Eskimo to gain his wife.

Democratic Leaders Meeting In Columbus

(By Associated Press) Columbus, O., July 12.—Governor Cox addressed several thousand people upon his return to the state capital today, then went to the station to meet his running mate, Franklin D. Roosevelt, who planned to talk over their campaign.

Empress Eugenie Dead

Paris, July 12.—Empress Eugenie, the last Empress of France, died at her home in Spain Sunday afternoon. Death was due to acute intestinal inflammation. Marie Eugenie Ignacia Augustina, deposed Empress of France, consort of Napoleon III, who for years maintained her shadow court in England, a pathetic reminder of the days of the butterfly court presided over by herself and the Emperor, was born in Granada, Spain, May 5, 1826, the daughter of the Count of Teba, an aristocratic, but almost penniless, nobleman.

RALPH C. GIBBS, of Shelby County.
FRANK KIPP, of Anderson County.

His Mother's Prophecy
When Gov. Cox spoke to his old
home town folks at Middletown,
Ohio, after his nomination for the
presidency he said:
"On January 1, 1895," he said,
"my mother witnessed the inau-
guration of President Grover
Cleveland. At that time she said:
"Mr. President, I have a son, Jim-
mie, and I expect him to succeed
you here some of these days."

PUBLISH MY LETTER

Says Mrs. Ovenstein, So Other
Suffering Women May Learn
How to Get Well.

Chicago, Ill.—"I suffered for four
years with pains in my sides, hips and
legs and a terrible
backache. I could
not do any work at
all. I was treated
by many physicians
but they did not help
me. I read in one
of your books where
other women had
been helped by
Lydia E. Pinkham's
Vegetable Com-
pound so I tried it
and it helped me very
much so that now I can do everything in
the house. I have told my friends about
your wonderful Vegetable Compound and
you have my permission to publish
my letter so other women who suffer
may learn how to get well."—Mrs. IDA
OVENSTEIN, 302 S. Marshall Ave.,
Chicago, Ill.

This good old fashioned remedy is
made from native roots and herbs and
contains no narcotics or harmful drugs.

If you have the slightest doubt that
Lydia E. Pinkham's Vegetable Com-
pound will help you, write to Lydia E.
Pinkham Medicine Co. (confidential)
Lynn, Mass., for advice. Your letter
will be opened, read and answered by a
woman, and held in strict confidence.

guration of President Grover
Cleveland. At that time she said:
"Mr. President, I have a son, Jim-
mie, and I expect him to succeed
you here some of these days."

"My mother is always dear to
me and I am going to do my best to
make her word good."

"Somehow I feel that the early
confidence you citizens of Middle-
town and Butler county placed in
me will lead me to take the Con-
stitutional oath of office in 1921—
and Butler county is responsible
for it," he said.

He referred to the use of sol-
diers to combat industrial disputes,
saying:

"The golden rule works much
better than the bullet and bayonet."

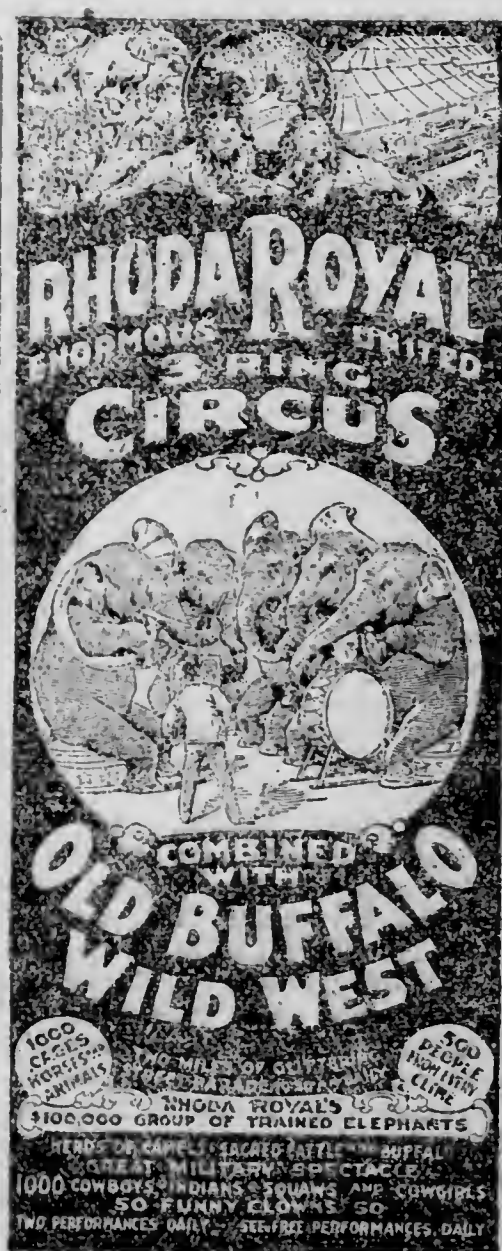

"If I should become president
of the nation," he added, "I feel
that I possess one equipment that
I would not give for any other—
that I lived through the life of the
under man. I now feel that I am
the representative of that class,"
he said. "I shall retire as Govern-
or of Ohio, January 1, and I can
look without a feeling of
shame or a blush into the face of
every citizen of the state of
Ohio."

DANVILLE PARENTS GO
TO DAUGHTER'S BEDSIDE

Mr. and Mrs. H. Ooton, of Danville,
whose daughter, Miss Georgia, was
shot and dangerously wounded at
Dayton, Ohio, where she is employed,
by an aged admirer, have gone to
Dayton, to be at their daughter's bed-
side. The man is under arrest. It
develops that the girl changed her
quarters in order to avoid the aged
man, who sought out and shot her
while in a hallway of the building
where she is employed. Mr. Ooton is
an engineer on the Southern railway.

CITY SCHOOL BOARD PLANS TO GET BUSY

The members of the city school
board are busily engaged with the
work incident to the resumption
of school, the last took place at
of schools the first of September,
since there has been plans com-
pleted for improvements at the
various buildings, some of which
are very extensive.

The contract for the new heat-
ing system, together with the
manual training and other im-
provements at the Madison High
School will doubtless be let within
a short time and this work will
represent great transformation
there, since there has been calls
for a greater manual training
school for several years; and the
wireless telegraph and other spe-
cial study departments will be
given attention.

The work of improving the vari-
ous schools of the county has
been almost completed and there
will be no delay or interference
with the school session after it
once gets under headway.

THRESHERS SCARCE IN MADISON COUNTY

There is a demand for thresh-
ing men,—that is, men who are
experienced in the work of fol-
lowing the thrasher,—at an in-
crease in wages of from \$1 to
\$1.25 per day over last year. They
are difficult to procure at that.
There is a new situation confront-
ing the threshers this year in that
they were always heretofore able
to procure the services of "some-
one" at almost every place there
was a job of threshing, but this
surplus is a minus quantity this
year, with the result that thresh-
ers have to carry at least one ex-
tra man.

It is not an unusual thing to see
women busying themselves with
work about the farm these days;
instead of being in the house all
of the time, giving all of her at-
tention to preparing a bountiful
dinner. This is not saying that
there are not bountiful dinners
spread for the workmen. Thresh-
ermen state that they will have to
charge more this year than heret-
ofore, owing to the high prices
they are required to pay for men,
machinery and general operation
and upkeep of threshing outfits.

VITAL STATISTICS FOR FIRST HALF OF YEAR

Statistican Joseph Griggs has
compiled the following, repre-
senting the number of births and
deaths for the first half of the
year, in the various districts of
the county, as follows:

	Births	Deaths
	W. B.	W. B.
Richmond	49 22	35 18
Chenault	1 3	2 0
White Hall	12 6	7 0
Red House	14 0	5 3
Kavanaugh	9 1	1 1
Duncannon	10 0	2 5

NOTICE TO BIDDERS

Notice is hereby given that on
or before the 19th day of July,
1920, bids will be received by
the Board of Education of the
city of Richmond, Kentucky, for
building and repairs on the Madi-
son High School property, for the
installation of a heating plant and
also for the building of a gym-
nasium.

Plans and specifications for all
of said work are now in the hands
of John Howard Payne, city su-
perintendent of schools, at his of-
fice at the Madison High School
and also at the office of John No-
land, chairman of the Board of
Education.

Plans and specifications have
been so drawn that any bidder
may bid upon all the work to be
done or any part of same. All
bids must be sealed and in the
hands of John Howard Payne or
Chairman Noland by 4 o'clock p. m.
on July the 19th, 1920. The Board
of Education reserves the right to
reject any and all bids.

Signed:
BOARD OF EDUCATION,
By J. H. Payne, Secretary.

Garrard County Land at Auction

Tuesday, July 20 h

10 o'clock

the Farm of Hampton Sisters

LOCATION—Fisher's Ford Pike, 6 miles from Bryantsville, 8 miles from
Danville, 2 miles from Danville and Lexington Pike (the new Federal Highway.)
This is high class land, gently rolling, very productive, in high state of cultivation,
tobacco, corn, wheat and hemp land. Reason for sale, they own another farm and
must sell one. They are offering the one buyers want. This farm joins the lands of
George Robinson and Frank Folger. In the same neighborhood and on the same
pike as the lands of Yates Hudson, Green Bowling, I. M. Dunn, Pence Brothers
and others, none of whose land can be purchased at any price. They own good
land and won't sell.

IMPROVEMENTS—6-room, 2-story dwelling, one hall, one porch and ex-
cellent garden spot; new tenant house, 9-acre tobacco barn; 2 stock barns, other
outbuildings. Watered by never-failing springs and ponds. Excellent fish pond.
Fencing good. 11 acres in tobacco, (new sod) 40 acres in corn, 20 acres in wheat,
sown to grass, 35 acres clover meadow, 25 acres clover pasture, 50 acres old blue
grass sod.

Will be sold for possession January 1, 1921, and on easy terms.

Don't overlook this one.

Everybody knows what Garrard county land is and especially in this section.
Look it over carefully before the sale. When you look you will be a bidder.

For further particulars and to show you the farm see the owners on the
premises of W. E. Moss or R. H. Dever at my Danville office, or G. A. Swinebroad
or W. A. Dickerson at Lancaster, or

Swinebroad, The Real Estate Man

Lancaster, Kentucky.

Our automobiles are at your service.

Mr. and Mrs. Nelson Elder have gone to housekeeping in the cottage on Woodland avenue vacated by Dr. Griesbach and Mrs. Griesbach.

Mr. and Mrs. G. H. Myers, Jr., will go to housekeeping in the cottage made vacant by the removal of Mr. and Mrs. Gilbert Tracy to Hazard.

Mr. and Mrs. Gilbert Tracy leave this week to make their home in Hazard. Richmond friends sincerely regret giving them up, but wish them abundant success in their new home.

Mrs. C. C. Wallace and daughter, Coleman, and Mrs. C. F. Chenault and daughter, Nannie Woods, have returned from Philadelphia, Washington City and New York, where they spent the past two weeks.

The Bourbon News says: "Mrs. Laura Estill Francis and Mrs. Lavina Estill Cunningham were dinner guests of Rev. Newton Shropshire and Mrs. Shropshire at their home near Austerlitz Tuesday."

ARTHUR LeBEAU, of Winoski, Vermont, who declares he is now in the "pink of condition" and enjoying life for first time in many years as the result of taking Tanlac.

"Thanks to Tanlac I am now enjoying life for the first time in years," recently declared Arthur LeBeau, of Winoski, Vermont. "For five years I was a sick man. My principal trouble was indigestion. I had no appetite and generally went off to work without any breakfast because I knew if I ate anything it would only upset me."

"My condition was so bad in fact, I could neither sleep, eat nor work with any satisfaction and was so nervous that the least thing would upset me. Nothing seemed to agree with me and I would have severe cramping pains in my stomach and at times my heart would palpitate badly. I also suffered from shortness of breath and the least little exertion would make my heart thump like an engine."

"At last I almost decided I would give up my job as I got so weak and miserable I felt I could stand it no longer. "One night as I sat reading a paper I saw a statement about Tanlac which convinced me it was just the medicine I needed. It helped me from the very first dose and at the time I had finished my third bottle, I hardly knew myself."

"I never have the slightest symptom of indigestion now and I feel like a brand new man in every way. My appetite is splendid, my nerves are steadied and I sleep soundly at night. The work I used to dread now seems easy for me and I am now in the very 'pink of condition.' Of course, I am only too glad to recommend this medicine."

Tanlac is sold in Richmond by Stockton & Son; in College Hill by Ginter Brothers; in Berea by Welch Department Stores. It

Rhoda Royal Circus Is Really Very Original

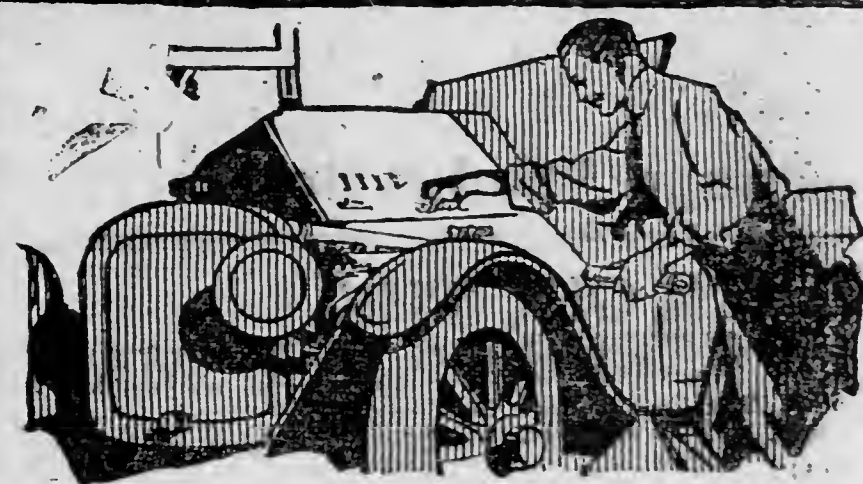

There is a surprising unanimity in the profuse praise accorded by the great newspapers to the Rhoda Royal Big Shows, which are billed to appear here on Tuesday, July 20, and which we are assured will outstrip anything the nature of an arctic enterprise ever given our people. The big shows, for there are number of them under one management, complete a surprisingly comprehensive whole and will be seen here under greater advantage than anywhere else this season, as it was recently added to, Mr. Royal having purchased in Colorado one of the other shows which was billed to appear in this neighborhood, and added to his already mammoth attractions which always consisted of a three-ring circus, a real Roman hippodrome, a wild beast show and a monster menagerie and marine exhibit.

RICHMOND WELCH CO.

THE WINCHESTER STORE

MUST OBSERVE THE SPECIAL STOCK LAW

There is a special stock law in Kavanaugh district which resulted in the summoning of three farmers before County Judge W. K. Price Saturday, and also in the release of the men after some deliberation. It developed that one of the men paid the damage wrought a garden by a bovine he owned, and the remaining two promised to keep their cows out of the public highway hereafter. It is the intention of the residents of that district to have the law governing cattle and livestock generally, strictly observed, and this is one of the reasons the men were summoned to appear. Many of the land owners assert that they were compelled to quit work in the field to look after a neighbor's cow which was "taking in too much territory" and that it became a nuisance. There have been complaints in various other parts of the county in this regard, and it is probable that there will be additional arrests made unless the practice of allowing cattle to graze on the highways is stopped.

home was not at the request of the physicians. Young displayed wonderful composure, although vital parts of his body had been penetrated by a bullet of large calibre. While at the hospital he was notified that an operation was necessary to save his life, but he objected. Finally he was induced and patiently underwent it. He later insisted upon being taken to his home, against the advice of physicians and surgeons. However, he was removed there and it is said that he is recovering.

Embry, who was also shot in the fight, is believed to be recovering, although it is expected that he will not be able to leave the Lexington institution for some time.

SEARCH OUT THE GERMS OF RHEUMATISM

Find Out What Causes Your Suffering and Go After It.

Some forms of this disease have been found to come from tiny germs in the blood, which set up their colony in the muscles, or joints and begin to multiply by the million. You can easily understand, therefore, that the only intelligent method of treating such cases is through the blood. S.S.S. is such a thorough blood

purifier and cleanser that it can be relied upon to search out all disease germs and impurities and eliminate them from the system, and this is why it is such an excellent remedy for Rheumatism. Go to your drug store and get a bottle of S.S.S. today, and if your case needs special attention, you can obtain medical advice free by writing fully to Chief Medical Adviser, Swift Laboratory, Atlanta, Georgia.

Interior of office of County Superintendent R. F. Edwards has been repainted. It is estimated that one-third more cabbage is being grown this year by local gardeners than last.

SEEGER

THE ORIGINAL SIPHON REFRIGERATOR

MUNCY CONCERT ENJOYABLE AFFAIR

The monthly concert at Muncy Bros. furniture store Friday evening proved to be one of the largest attended as well as one of the most entertaining concerts they have given. It has gotten so that the music lovers of Richmond look forward with anticipation to these concerts from month to month, and they are proving to be a big advertising medium for the Muncy boys, who are live wires and right up to the minute when it comes down to carrying on a large establishment such as Richmond has ever known. The singing of Miss Grace Cornelison, of Berea, was a delightful surprise to the large crowd present, and the singing of Mr. Bradley Kincaid, tenor, who sang with Miss Cornelison, "He Walks With Me and He Talks With Me," brought forth a round of applause.

Both of the soloists were repeatedly encored, and with the delightful music furnished on the talking machines and player pianos, the occasion was greatly appreciated.

Frank Cavanaugh, seriously slashed with a knife by N. B. Hill a week ago, was able to leave the Pattie A. Clay hospital. The trial of Hill will be called some time this week. Both are colored.

ANNUAL INSTITUTE OF TEACHERS OPENS

Big Attendance and Many Beginners Noticeable At Early Hour of Opening

The annual teachers' institute opened shortly after 9 o'clock Monday morning at Eastern Normal with a good attendance, and it was but a short time later that the proceedings were under fully sway under the guiding hand of Prof. W. B. Ward, of Paintsville, in the instruction department, and Dr. S. S. Myers, of Eastern Normal, in the music department. It is believed the attendance is the most complete in years, from the fact that the presence of all teachers was required.

The institute, which is along the most modern lines, will continue throughout the week, and prepare the teachers for their duties Monday morning, July 19, when the white schools of the county will be opened. There will be instruction along various lines, and it was noticeable at an early period that there were many ready to take up the duties of their first schools. To these, the instruction will be especially instructive and interesting. The institute is being attended by a number of teachers from other counties, besides a number of the Normal students, who desire the benefit obtainable there.

The modern institute, which has taken the place of the academic training in former years, is proving much more beneficial, it is said.

County Superintendent Edwards stated Monday that the training instructions received by teachers at the institutes today were more for inspirational purposes than for knowledge and regular assigned lessons of years gone by. The instructions as issued now are of great importance in furnishing teachers with professional advantages in the way of lessons, as well as the manner of conducting schools.

Notice To Tax Payers

Your city taxes for the year 1920 are now due and in my hands for collection. You are requested to call and settle. On all taxes not paid by November 1st, the penalty prescribed by Ordinance will be attached, also interest at the rate of 6 per cent per annum will be charged on all bills in my hands after November 1, 1920.

NEW YORK'S SKY COPS HAVE BIG JOB AHEAD

New York, July 12—The American's Cup races off Sandy Hook this month promises to solve the question of "Why are New York's 'Sky Cops'?"

Ever since the police department's aviation division was formed humorists have portrayed duties which might be, but which never will be performed by the bluecoated aviators. Now, however, with giant sloops resuming their racing after a martial interruption, the "sky cops" find a task at hand—that of keeping the course free from aircraft.

During the trials between the Shamrock IV and the 23-meter Shamrock, which have been held almost daily off Jersey shore, airplanes have followed in the wake of the yachts like gulls. Judging from the interest taken in the trials by aeronauts, yachtsmen fear that the sky will be dark with planes on the days of the race.

Truth to tell, yachtsmen are becoming just a little worried. It is not that they fear so much a plane will crash down on the deck of racing craft as that they may cluster in such groups as to play pranks with the air and rob vigilant, wind-chasing skippers of an experience acquired through years.

And it is right here that the "sky cops" may have their duty to perform. Direction of traffic at several thousand feet promises this year to be an interesting side-light of the big show.

POTT'S Gold Dust Flour makes better bread. Try and be convinced.

New Auto Business In Opened By Richmond Men

Messrs. Allen Porte, C. B. Coates and R. L. Taylor are the promoters of a new garage in Richmond which has been named "The Plug." They have secured a convenient location with the City Transfer Company, opposite the Opera House, and will feature acetylene welding, since Mr. Porte made a study in this line in

one of the largest schools of this country, where he made an enviable record as a student. Mr. Taylor and Mr. Coates will assist in the repair department and their friends bespeak for them a success in their first entry into the business arena.

There are fewer men in the county jail at present than for the past three months.
